E660 grill with new Side Handle Kit

OVEN HOOD SIDE HANDLE KIT

A new **Oven Hood Side Handle Kit** for Fire Magic and AOG gas grill oven hoods. The new handle, combined with other specifications such as installed height of a built-in or post mounted grill, offers a viable solution when an ADA compliant grill is specified as an accommodation for wheelchair bound users.

The sturdy design requires some field assembly and drilling. All necessary components are provided for installation on the left or right-hand side of the oven hood and a drill bit and template are included. See complete installation details in the attached instructions.

The handle is especially effective when used with Fire Magic Echelon Diamond and Aurora grills which feature featherlight, easy lift oven hoods. A spring kit (#23729-71) may be added to Choice grills to upgrade with this feature (not available for AOG).

The Fire Magic/AOG Oven Hood Side Handle Kit is now available. Order **Model No. 3600-50** with a **list price of \$55**.

The kit may be added to the following models:

GRILL SERIES	MODEL
Echelon Diamond	E660, E790, E1060
Aurora	A430, A530, A540, A660, A790
Choice	C430, C530
AOG "L" Series	24, 30, 36
AOG "T" Series	24, 30, 36
